Ristee Towers FC came to the icy wastes of Grammarians ground looking to bounce back from recent setbacks. Unfortunately for them it was the home side that turned up ready for business as they banged in their only 2 goals of the day from their only 2 attacks, and both in the first 15 minutes. All Towers could do was dig in and ride out the storm until the 39th minute when constant pressure paid off and resulted in a penalty conversion for Gary Rose.

2 - 1 at half time and Towers were back in it.

The second half saw the home side hanging on. But every side has one player who you know can turn matches. And Towers brought him out late on to see what he could do. Until 90 minutes he made no more difference than anyone else, but then, in the 91st minute, veteran hard man Sean Wesley did it again to score a vital goal right at the death for the 3rd time this season.

Ristee Towers thus got the vital minimum 1 point for the day to keep all 3 top clubs level on points at the top.
