Ristee Towers FC ended up with yet another draw against visitors Daventry Drayton Grange in a very even game. The score ended up even following a decision which left the home side feeling hard done by. Here's how it looked from the touchline. A long Towers throw in close to the opposition box, with their defenders on the posts, was flicked on by Mickey Braines - who could not be offside from a throw in - to striker Karl Cornwell arriving at pace past 2 defenders to score. The whistle blew, nobody on the visiting side protested, but then, ever so slowly, up went their linesman's flag. The claimed offside was given and Towers were left feeling robbed.
